NOTA / NOTE
Per l'identificazione esatta delle finiture, far riferimento alle palette campioni colore.
To clearly identify the right finish, please refer to the colour samples palette.

I codici con suffisso C / L, identificano le finiture cristallo in abbinamento alle finiture laccate arredi - **ATTENZIONE:** laccando superfici diverse (arredi, top, specchiere), eventuali differenze di tono non sono da considerarsi motivo di contestazione.
Our codes with C / L suffix indicate glass finishing matching with furnishings lacquer finishing - **ATTENTION:** by lacquering different materials (furniture, tops, mirrors) any shade difference cannot be considered valid for complaints.

*** ATTENZIONE:**
I piani ceramici e gli arredi sono laccati con lo stesso grado di colore. Tuttavia trattandosi di due materiali differenti (ceramica ed MDF) i due toni di colore potrebbero risultare non perfettamente identici. Per questo motivo eventuali differenze di colore tra lavabo ed arredo non potranno essere considerate oggetto di contestazione.

*** WARNING:**
The ceramic washbasins and the furnishings are lacquered with the same tone of color. However, even if ordered with the same color, two different materials such as ceramic and mdf can look slightly different. For this reasons eventual differences in colors between the washbasins and the furnishings will not not be accepted as a claim.
